BOOKS

NOTE--Since only material difference between C16 and PLUS 4 is the size of the memory and ROM based business software, C16 books are eminently suitable for PLUS 4 users

C16-PLUS 4 REFERENCE BOOK - 7.95 + 50p P&P - The book lays special emphasis on the graphics, sound, music and machine code programming. The graphics cover standard, multi colour, high resoluion, bit mapping, soft scrolling and raster interrupt. Its coverage of machine code is extensive and gives full information regarding KERNAL routines and how to use them in your own programs. The book gives complete memory map, 7501 processor commands, c64-cl6 comparison chart to enable coverions and the all important KERNAL jump table. The subject under discussion is explained lucidly and illustrated by examples, often with line by line explanation.

USING THE COMMODORE 16 - 9.95 + 50p P&P - Starts with a refresher course in Basic programming. Explores more sophisticated facilities available like windows, graphics & sound commands and using built in machine code monitor. Numerous examples show how to master a simple game in basic to machine code programming. A full blown data base, adventure prog. and several other prog. are included. Each prog. is accompanied by detailed notes enabling you to understand its structure but also modify it for your need. Peripherals, creation of sequential & relative files, the complete M/C instruction set, ROM and RAM memory maps are also included.

UTILITIES

SquadBuck

T TURBO PLUS - CARTRIOGE - 19.95 - All tape functions (LOAD, SAVE, VERIFY) run approx. 10 times faster - BASIC & M/C. A number of BASIC commands like CHANGE, MERGE, DUMP, FIND, KILL, QLO have been added for easy programming. SCROLLER lets you scroll your listing forward and backward using cursor keys (even within windows) eliminating annoying LIST from---to--. PLUS 4 expansion allows three of the four PLUS 4 built in programs - GRAPHICS, WORD PROCESSOR and CALCULATOR to be used with cassette player. The Data Base cannot be used as it uses relative files. It however corrects the software bug in the File Manager allowing more than 255 entries.

MUSIC MASTER - CASS. 12.95/DISC 14.95 - Turns the computer into a synthesiser and sequencer. Ten pre-programmed rhythms and patterns are available for accompaniment. Also acts as a musical word processor enabling you to write and play music. Comprehensive editing facilities, too numerous to list. Facilities for envelope control, detuning

etc..Saving and loading facilities and examples of how to add the music to your own programmes. Excellent utility.

PAINT BOX - CASS 9.95 - Advance graphic creator program with full high res. drawing facility, Selection of brush sizes and colours. Draw directly to screen.
